WRESTLING

SUJEET KALKAL

Sujeet Kalkal arrives in Nagoya as one of India's strongest gold-medal hopes. He has already established his class in Asia, beating world bronze medallist Umidjon Jalolov 8-1 in the final to win the 2026 Asian Championships.

The 24-year-old (**in pic, red**), currently ranked World No. 2 in the 65kg category, will see his chances boosted by the fact that World No. 1 Rahman Amouzad of Iran has opted to skip the Asian Games to focus on defending his world title. Despite Amouzad's absence, the Asian Games field is formidable. While Jalolov is a familiar threat whom Sujeet has had little trouble with in the past, there are plenty of potential obstacles. Three-time world medallist Ernazar Akmataliev of Kyrgyzstan is always tricky, while Iran's Abbas Ebrahimzadeh has been building steadily this season.

Perhaps Sujeet's greatest challenge will come from Japan's Kotaro Kiyooka. The reigning Olympic champion and 2025 world silver medallist will fancy his chances of being crowned champion on home ground.
