SHOOTING

ESHA SINGH

Esha's 2026 form has been exceptional. The 21-year-old announced herself as a serious contender by winning the 25m sports pistol event at the ISSF World Cup in Munich in May with a world-record 43/50 in the final.

She followed that up with another gold in the same discipline at the Hangzhou World Cup in July, beating China's Zhang Yueyue 40-37 in the final.

The back-to-back World Cup victories underline her big-stage temperament. Esha also has valuable Asian Games experience, having won four medals at Hangzhou 2023, including team gold in the 25m pistol.
