

50M RIFLE 3 POSITIONS MEN'S TEAM

SURUCHI SINGH

Suruchi's strongest quality is her ability to deliver in major finals. She won the 2026 ISSF World Cup gold in Munich with a score of 242.1, beating compatriot Esha Singh by 0.9 points in an Indian one-two.

The victory added another chapter to a remarkable trajectory. Suruchi dominated the 2025 World Cup circuit with a hat-trick of individual 10m air pistol gold medals in Munich, Lima and Buenos Aires before capping the season with World Cup Final gold and a junior world record in Doha.

The former World No. 1 has repeatedly shown that she can produce big scores when a medal is at stake. At just 20, she combines remarkable consistency with an increasingly proven ability to win, making her one of India's clearest individual gold prospects in Aichi-Nagoya.

AISHWARY PRATAP SINGH TOMAR, NIRAJ KUMAR AND RUDRANKKSH PATIL

This team presents a compelling case for gold.

Aishwary is the spearhead, having won the Asian Championships title in February with a world-record score of 362.0, establishing himself as one of the leading 3P shooters globally. He is not new to the Asiad either, having already won four medals, including the 3P team gold, at Hangzhou 2023.

Rudrankksh (**in pic**), a former world champion in 10m air rifle, has added the more gruelling 50m rifle 3 positions format to his repertoire since his heartbreaking exclusion from the Paris Olympics. He has since established himself as a serious competitor in the event. At February's home Asian Championships, Rudrankksh shot a brilliant 591 to finish second in 3P qualification. He, however, did not make the final since he was competing for ranking points only (RPO).

Niraj brings consistency and experience to an exceptionally deep line-up. He won the 50m rifle 3 positions gold at the 38th National Games in 2025, finishing ahead of Aishwary and Olympic bronze medallist Swapnil Kusale. He has also been part of India's bronze-winning 3P team at the 2022 World Championships. More recently, he helped India win team silver alongside Aishwary and Akhil Sheoran at the 2026 Asian Championships.

WOMEN'S 10M AIR PISTOL INDIVIDUAL
