### TREESA JOLLY AND GAYATRI GOPICHAND

*The first half of the season was extremely tough for Treesa Jolly and Gayatri Gopichand as injuries to the former meant that the two had to miss quite a few events.*

A little over a month ago, they were playing a lower-level tournament in the Philippines. At that moment, no one would have picked them among the favourites for the gold medal at the Asian Games.

It might still be a very tough challenge but after the Indian duo's sensational bronze medal-finish at the home World Championships, their opponents would not take them lightly. During their run in New Delhi, Treesa and Gayatri had stunned higher-ranked opponents in the round of 32, round of 16 and the quarterfinals.

Even in their semifinal loss to Liu Sheng Shu and Tan Ning, they had clinched the opening game and rattled the Chinese World No. 1 pair.

They added a new dimension to their game with Treesa charging at the net and Gayatri doing well from the back of the court.

A similar inspired run from them in Aichi-Nagoya cannot be ruled out.

### Indian contingent
