TOTAL MEDALS AT STAKE

28

In the presence of Asian powerhouses such as China, Japan and South Korea, winning gold in any of the seven categories will be a Herculean task for the Indian paddlers, but a podium finish is not beyond their reach.

The country has won three bronze medals in the last two editions, including a stunning result in Hangzhou in 2023, when Ayhika and Sutirtha Mukherjee (**above**) upset the home favourites and second-seeded pair of Chen Meng and Wang Yidi in the quarterfinals to confirm a podium finish in women's doubles. Also watch out for Sreeja Akula and Syndrela Das (**below**) who won the doubles gold at the Commonwealth Table Tennis Championships this year.
