Three years ago, India sent eight fencers to the Asian Games in Hangzhou. Bhavani Devi (in pic, right), Taniksha Khatri and the women's épée team all came close to opening India's medal account in the sport but bowed out in the quarterfinals.

In Aichi-Nagoya, it will be a bigger squad. Twenty Indian fencers will compete in 10 of the 12 events. The odds of a podium finish may be slightly better, but to turn that possibility into reality, someone will have to step up when it matters most.

TRACK CYCLING

AP

India's three Asian Games medals in track cycling — one silver and two bronze — all came at the inaugural edition in New Delhi in 1951. A 14-member contingent will travel to Japan this time, and it would require a performance of a lifetime to end the 75-year wait for another podium finish in this discipline.
