

3} The number of left-handed batters to register three-figure Test scores more than once for India while batting at No. 3. Devdutt Padikkal's 117 at the SSC in Colombo in the second Test makes him the latest to join two other Indian batters — Vinod Kambli and Sourav Ganguly. Padikkal had made 167 in Galle in the first Test match.

5} The number of batters to score twin centuries while batting at No. 6 or lower in a Test match. In a list dominated by Sri Lankans, Sonal Dinusha, at the SSC, became the fourth from his country to do so. Kamindu Mendis' effort is unique since it came at much lower positions — No. 7 and 8. He, in fact, was demoted in the batting order in the second innings despite a three-figure score in the first.

23} The number of wickets claimed by Manav Suthar after his first three Test matches. Only two other Indian bowlers have claimed more wickets — 31 by Narendra Hirwani and 27 by Axar Patel — at this stage of their respective careers. Incidentally, Hirwani's tally of 31 wickets is the maximum by any Test bowler in history after three Tests. Following him are two bowlers with 29 wickets each — Aussie Charlie Turner (a right-arm pacer from the 1890s) and current Sri Lankan left-arm slow bowler Prabath Jayasuriya.
