Mumbai's spin combination proved a decisive factor last season. The pairing of Mitchell Santner and Will Jacks, along with a domestic leg-spinner, helped the side dictate the middle overs.

Left-arm wrist-spinner Vignesh Puthur impressed early in the campaign before Karn Sharma's experience came into play during the Playoff push. MI's spinners took 45 wickets, the most among all teams, while also recording the lowest boundary percentage (15.97%) in this phase.
