DEATH-OVERS DOMINANCE

12.00

Highest scoring rate in overs 16-20 in IPL 2025

Punjab Kings was the most destructive side in the death overs last season, scoring at 12 runs per over, the best in the league. Its average of 28.44 was also comfortably the highest, with Mumbai Indians a distant second.

This late surge powered Punjab to eight 200-plus totals in 14 matches. Captain Shreyas Iyer led the charge, striking at nearly 228, the highest among batters who faced at least 40 balls in this phase.

SECOND-SEASON TEST

179.24

Priyansh Arya's strike rate in IPL 2025

Priyansh Arya was one of the breakout performers last season, scoring 475 runs at a strike rate of 179.24, including a century against Chennai Super Kings.

However, since the end of IPL 2025, his returns have dipped slightly. In 11 T20 innings, he has scored 275 runs at a strike rate of 158, with his boundary frequency dropping from 30% to 24%.

How Arya responds to this phase will be key as he looks to overcome the typical second-season challenge.

« Expectations are high, which is fun. I love the challenge. But the important thing is that whenever we step in, we have to win. My eye is on the trophy. – Shreyas Iyer, PBKS captain »
