LUNGI NGIDI

7.57

Lungi Ngidi's T20 economy in 2026

South African seamer Lungi Ngidi arrives as a key addition, especially with Starc unavailable for the early part of the season. He has maintained an economy of 7.57 in T20s this year and impressed during the T20 World Cup with 13 wickets at 7.19.

Ngidi's effectiveness extends to the death overs, where he has an economy of 7.41, offering Delhi Capitals a reliable option across phases.
