

« I do not want my fast bowlers to be calm. I want them to be fierce just like Ashu Pa was. I'm sure you must have seen videos of how Ashu Pa acknowledged dropped catches when he was playing. — Shubman Gill, GT captain »

SQUAD

Wicketkeepers

Jos Buttler, Anuj Rawat, Kumar Kushagra
.....

Batters

Shubman Gill, Sai Sudharsan, Tom Banton

TOP-HEAVY ENGINE

55.05

Average of top three batters in IPL 2025

Gujarat Titans leaned heavily on its top order last season, with Shubman Gill, Sai Sudharsan, and Jos Buttler forming the most productive top three in the league. The trio averaged a combined 55.05, driving the team's batting output.

Gill and Sudharsan forged seven 50-plus opening stands, including three century partnerships, while the top order contributed over 70 per cent of the team's runs.

This dominance, however, came at a cost. The middle and lower order saw limited game time, leaving the side exposed when the top three failed in key matches.

FIELDING FRAILTIES

28

Most catches dropped in IPL 2025

Gujarat Titans' campaign was undermined by poor fielding standards, with the side dropping 28 catches in 15 matches, the most by any team.

The issue proved costly in the Eliminator against Mumbai Indians. Rohit Sharma, dropped twice early, capitalised with 81 off 50 balls to set up a decisive win.

Surprisingly, Rashid Khan, typically one of the safest fielders, led the tally with 10 dropped catches, highlighting a broader lapse in execution.

PLAYER TO WATCH

A relatively unknown name in the squad, Ashok Sharma represents a potential breakout candidate. His role and impact could add an unpredictable edge to Gujarat Titans' campaign.
