

Sikandar Raza in elite list

5} The number of players who have scored 50 or more runs and taken three or more wickets in a T20 World Cup match. Zimbabwe captain Sikandar Raza became the latest player to achieve this, and also the first to do so as captain. Australian Shane Watson is the only player to have accomplished this twice.

33} The number of balls Kiwi opener Finn Allen needed to reach his hundred against South Africa in the T20WC semifinal in Kolkata on 4 March 2026. This is now the fastest ever in any ICC World event across formats, bettering the 40-ball century by Australian Glenn Maxwell (106 in 44 balls) against Netherlands in Delhi in the 2023 50-over CWC on 25 October 2023. Although Allen's century is the joint third-fastest in all T20 internationals, it is the quickest three-figure score made against any Test-playing nation. He bettered the previous record of 35 balls each by David Miller and Rohit Sharma against Bangladesh and Sri Lanka, respectively.

92} India's score without loss of wickets in the T20WC final in Ahmedabad. This is now the best PowerPlay score by any side in T20 World Cup history. West Indies, too, had made an identical score but had lost a wicket against Afghanistan in Gros Islet in the 2024 edition. This is also India's third-highest PowerPlay score in T20I history, as shown in the two tables.

Players doing the all-rounders' double of 50 runs and three wickets in the same T20WC match

Name	Batting	Bowling	For	Opp	Venue	Date	Result
Dwayne Bravo	66*	4-38	WI	Ind	Lord's	12 June 2009	Won
