

VIJAY SONEJI

HARDIK PANDYA

I have 10 more years left in me, and I want to win 10 more ICC titles. That's my goal. [On winning at home and defending the title] It's quite emotional. Because winning the World Cup in India, the excitement of the people, it's amazing. The effort we have put in... From yesterday [eve of the final] I knew we were champions. The only self-belief I had was that there was no other result. Losing wasn't a thought. I am thankful to God.

When I was bowling the 19th over against England, I was thinking about the 2024 World Cup final. I told [Ishan] Kishan and Abhishek [Sharma] also that when you go out to bat, think of good memories.

[On Samson and Kishan] This is what life teaches you. When you work hard, try to be happy in others' happiness, God gives you opportunities. It's a learning for the whole nation. That's when you stay quiet and work hard. God gives you opportunities. Really proud of them.

JASPRIT BUMRAH

[On what the win means] Feels extremely special because I've played one final at my home venue, but couldn't win that one, but today I won. I

knew the wicket was a flat one, so I had to use all my experience. Before this tournament, I was in that zone where I felt I was trying too hard because I was bowling well, but I felt I was trying too hard. This tournament, I just tried to let the game come to me, and that worked really well.

My individual assessment has always been my strength, and getting MOTM at my home ground in a World Cup final, it doesn't get better than that.

[On his slower balls] Because of the experience, because I've played on beltors over here, and I have seen the other teams too, I learned that trying to bowl too fast can make shot-making easier. So I just played smart and tried to think of what the batsmen were trying to do.

[On the bowling group] Whenever we discuss, they always come up with options. And when communication was needed, we did that. We never panicked. Kept our heads above water. Teams that do that win the tournament, and I am very happy we did it.

EMMANUEL YOGINI

EMMANUEL YOGINI

SANJU SAMSON

Feels like a dream. Very happy and grateful. Out of words, out of emotions.

[On his three fifties, thought process] To be honest, it started one-two years before. When I was in the 2024 World Cup team where I didn't play, I kept visualising, kept on working, and this was exactly what I wanted to do.

After the New Zealand T20I series, I was broken; my dreams were completely shattered. And I was thinking, what can I do? But God had different plans. And I was rewarded for being brave enough to dream.

A lot of former players have reached out to me and tried to help me out. For the last couple of months, I have been in constant contact with Sachin sir. I reached out to him and had big, big conversations with him. Getting guidance from someone like him, what more can you ask for?

I am very grateful to everyone who supported me.
