

Bengaluru to host fourth season of Global Chess League

The Global Chess League (GCL) announced that its fourth season will be held in Bengaluru from September 3.

The GCL, which is a joint initiative of Tech Mahindra and FIDE, has already made an impact with franchise teams, mixed gender lineups, and rapid fire matches.

Season 4 will once again feature the world's leading players competing in a team-based format.

Gourav Rakshit, Commissioner of the Global Chess League said, "The Global Chess League was created to transform chess into a truly global spectator sport. Bringing Season 4 to Bengaluru feels like a defining moment, not just for the league, but for the evolution of the game itself. This is where the next chapter begins."

Arkady Dvorkovich, President of FIDE, said, "We are delighted to bring Season 4 of the Global Chess League to Bengaluru. India continues to be at the forefront of the global chess movement, and Bengaluru provides the perfect setting to build on this momentum."
