

MetLife Stadium

Location: East Rutherford, New Jersey, USA

Home team: New York Giants (NFL), New York Jets (NFL)

History: Opened in 2010, it has hosted Super Bowl XLVIII, the 2016 Copa America Centenario final and the 2025 FIFA Club World Cup final.

Food/Culture: Matchday offerings reflect the New York-New Jersey blend. Choose from Italian-American staples, Latin cuisine, deli-style sandwiches, burgers and a vibrant food truck scene.

Venue upgrades: Around 1,800 corner seats have been replaced with flexible, removable seating to meet FIFA requirements. Work has focused on the corners and sidelines, with field-level club areas

unaffected. The stadium sits in the Meadowlands, across the Hudson from New York City, but within New Jersey.

Weather: Around 29°C, with humid summer evenings.

World Cup 2026: Eight matches, including final

Mercedes-Benz Stadium

Location: Atlanta, Georgia, USA

Home team: Atlanta Falcons (NFL), Atlanta United FC (MLS)

History: Opened in 2017, it has hosted Super Bowl LIII and MLS Cup 2018.

Food/Culture: A downtown Atlanta mix — fried chicken, barbecue, peach desserts — underpinned by a strong Black cultural and music influence.

Venue upgrades: The primary change is the shift from artificial turf to a natural or hybrid grass surface. The venue already features retractable lower-corner seating, allowing the pitch to be widened for football.

Weather: Around 31°C highs, with high humidity.

World Cup 2026: Seven matches, including second semifinal
