

Jadeja in elite club

4 } The number of players to aggregate 4000-plus runs and 300-plus wickets during their Test career. Ravindra Jadeja in Kolkata on 15 November 2025, became the latest to join an exclusive group of players. From the tables given below, Jadeja's average difference between his batting and bowling averages is quite outstanding, which puts him high on the list. However, Ian Botham, who was the first to reach this milestone in 1984, is the quickest, having done so in fewer number of Tests (69).
