

Double Mate Correction

By C.G.S.Narayanan

The World Chess Composition Tournament is a long-established team event enabling composers from all over the world to compete at international level with new chess problems and studies on set themes. Inspiring themes and joint work have been the highlights of each WCCT. Eleven such tournaments have been held to date, with enthusiastic worldwide participation. The Two-move theme for of 12th WCCT proposed by Serbia runs thus:.. Double Mate Correction (DMC) is a new thematic combination, involving changed mates (at least 3x1) and changed defenses (at least 3x1) in set-play, try (or tries), and solution The added condition is that the solution and the thematic try should start by moves of different white pieces
