

225 } UP Warriorz's (UPW) total against RCB in Lucknow on 8 March 2025. This is now the highest team total in the history of Women's Premier League (WPL), bettering the previous highest of 223/2 by Delhi Capitals also against RCB at the Brabourne Stadium in Mumbai on 5 March 2023. Interestingly, this is the first time UPW has crossed 200-plus in its WPL history, going past its previous best of 181/7 against Gujarat Giants in Mumbai on 20 March 2023. With this effort, UPW becomes the fifth and last WPL side to breach the 200-plus total, with all the other four sides having done it twice. RCB now has the dubious record of conceding 200-plus total on four occasions, with Gujarat Giants conceding it thrice and UPW twice.
