Behind V - zone between third man and long leg | Offside V - zone between third man and extra cover | Straight V - zone between extra cover and mid wicket | Onside V - zone between midwicket and long leg

wicketkeeper-batter collected the bulk of his runs down the ground during the six-over phase. He continued to target the straight boundaries effectively during the middle overs, particularly against spin. His unbeaten 93 — 27 of which came in the 'Straight

V' — helped his side chase the target with two overs to spare.

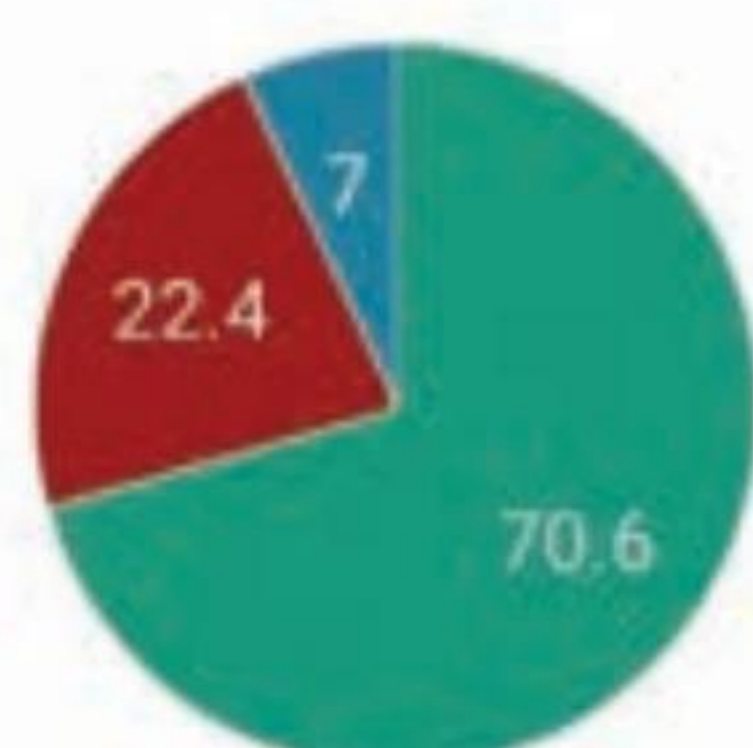

"Something I have always done with my preparation is try to adapt to different wickets. I experiment in practice and get out a couple of times, but it gives me a fair idea of the areas

I can target — where I can take singles and hit sixes," Rahul said after his match-winning knock.

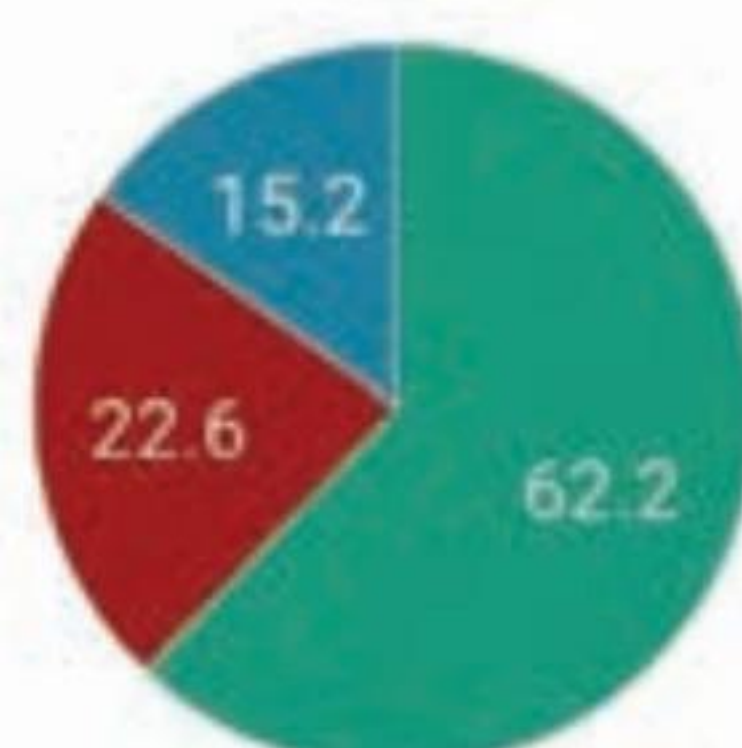

"I knew what my pockets were. If I wanted to hit a big six, I knew which pockets to target. And keeping gave me a feel for where other batters
