

Bowling economy rate in IPL - SRH vs others

During these seven years, SRH recorded the best economy rate in a season three times and ranked second or third on two other occasions. While Bhuvneshwar Kumar and Rashid Khan led the charge, the team also relied on lesser-heralded bowlers like Sandeep Sharma, Siddarth Kaul, and Khaleel

Ahmed to maintain its dominance. Fielding complemented SRH's bowling strength, with Warner himself setting high standards. According to Cricviz's fielding impact metrics, SRH saved 2,028 runs in the field during this period, second only to Mumbai Indians (2,455). Their defensive skills peaked in 2018 when

they successfully defended two low totals within 48 hours under Williamson's leadership, stepping in for the suspended Warner. On April 24, SRH defended 119 against Mumbai Indians at the Wankhede, bowling it out for 87 in a 31-run victory. Just two days later, it repeated the feat at home,

Phase-wise IPL bowling economy between 2015 and 2021

SRH had the best PowerPlay and death-over economy in this period, and the second-best in the middle overs, behind CSK.

	PowerPlay	Middle-Over	Death
SRH	7.49	7.65	9.22
MI	7.55	7.79	9.38
DC	7.7	7.86	9.52
CSK	7.78	7.56	9.58
KKR	7.91	7.79	9.96
RCB	8.09	7.79	10.15
PBKS	8.04	8.04	10.34
RR	7.85	8.2	10.63
