

Smriti Mandhana joins 4000 T20I runs club

5} The number of batters to have scored 4000 runs in T20 Internationals across genders. India's Smriti Mandhana became the latest to achieve this milestone during her brief knock of 25 in the opening game against Sri Lanka in Visakhapatnam on 21 December 2025 in her 154th match and 148th innings. She thus became the second female batter after New Zealand's Suzie Bates, who reached her milestone on 15 October 2023 against South Africa in Benoni. Bates (149 matches, 146 innings), however, got there quicker than Smriti. Three other male cricketers, Virat Kohli (on 10 November 2022), Babar Azam (30 May 2024), and Rohit Sharma (5 June 2024) have also made 4000+ runs in this format. Kohli reached his 4000th run in the fewest number of innings — 107.
