

West Indies vs England, 2016

« Brathwaite sent successive deliveries soaring into the stands at Eden Gardens in Kolkata to seal the chase of 156.

Tournament finals are rarely high-scoring affairs. With the two best teams going head-to-head, it is often a single defining innings or spell that tilts the contest. In the 2016 World T20 final, that moment belonged to Carlos Brathwaite, and he delivered it in unforgettable style. Needing 19 runs to become the first team to win the title twice, West Indies turned to Brathwaite, who needed just four balls to finish the job. Ben Stokes was the unfortunate bowler as Brathwaite sent successive deliveries soaring into the stands at Eden Gardens in Kolkata to seal the chase. Set 156 to win, West Indies had stumbled early, slumping to five for two inside two overs. Marlon Samuels once again held the innings together, just as he had in the 2012 final, anchoring the chase with a composed unbeaten 85 off 66 balls. For much of the second innings, England appeared in control, with Liam Plunkett claiming three wickets and Adil Rashid bowling his full quota at under six an over. But Brathwaite, already enjoying a dream night after figures of three for 23 in the first innings, had the final word. His astonishing finish etched the moment in World Cup folklore, giving the West Indies, in captain Daren Sammy's words, "a memory to cherish for a long time."
