

India vs Pakistan, 2022

In one of the most iconic chases in T20 World Cup history, India defeated Pakistan off the final ball at the Melbourne Cricket Ground (MCG). Chasing 160, India was reeling at 31 for 4 inside seven overs before Virat Kohli and Hardik Pandya stitched together a vital 113-run partnership for the fifth wicket to keep the chase alive. With 28 required off the last eight deliveries, Kohli dramatically shifted the momentum, launching two sixes off pacer Haris Rauf to cut the equation to 16 from the final over. Left-arm spinner Mohammad Nawaz struck immediately, having Pandya caught off the first ball and bringing Dinesh Karthik to the crease. Karthik rotated strike with a single, allowing Kohli to take over. A crucial double followed before Nawaz bowled a waist-high full toss that Kohli dispatched for six, reducing the target to six off three balls. Nawaz then sent down a wide, and the batters scrambled through for a single. Off the ensuing free hit, the ball ricocheted off the stumps and the batters ran three. In a dramatic twist, Karthik was stumped off the fifth delivery, leaving Kohli stranded at the non-striker's end with Ravichandran Ashwin walking in needing two off the last ball. Under immense pressure, Nawaz bowled another wide. With one required off the final delivery, Ashwin showed remarkable composure, lofting a fuller ball over mid-off to seal a famous victory.
