45.
46. A "press your luck" game where you roll dice with Stars, Skulls, and
47. Question Marks.
48.
49. On your turn, you pull three random dice from the dice cup and roll
50. them. You can roll Stars, Skulls, and Question Marks. You can end your
51. turn and get one point per Star. If you choose to roll again, you keep
52. the Question Marks and pull new dice to replace the Stars and Skulls.
53. If you collect three Skulls, you lose all your Stars and end your turn.
54.
55. When a player gets 13 points, everyone else gets one more turn before
56. the game ends. Whoever has the most points wins.
57.
58. There are 6 Gold dice, 4 Silver dice, and 3 Bronze dice in the cup.
59. Gold dice have more Stars, Bronze dice have more Skulls, and Silver is
60. even.
61. """)
