Exploring the Program

Try to find the answers to the following questions. Experiment with some modifications to the code and rerun the program to see what effect the changes have.

1. What happens if you change `possibleNumbers[0:5]` on line 100 to `numbers` and `random.randint(1, 26)` on line 101 to `powerball`?
2. What error do you get if you delete or comment out `possibleNumbers = list(range(1, 70))` on line 96?
