

Exploring the Program

Try to find the answers to the following questions. Experiment with some modifications to the code and rerun the program to see what effect the changes have.

1. What happens if the player enters a blank string for the message?
2. Does it matter what the nonspace characters are in the bitmap variable's string?
3. What does the `i` variable created on line 45 represent?
4. What bug happens if you delete or comment out `print()` on line 52?
