

Create the following five HTML files

- *course_list.html*
- *course_detail.html*
- *course_create.html*
- *course_update.html*
- *course_delete.html*

The directory and file structure will be like the one below.

3. Edit each file

Add `<h1> Page Name </h1>` to prepare for the practices in the following sections. For example, `<h1>LIST Page</h1>` in *course_list.html*.

templates/employee_learning/course_list.html

```
<h1>LIST Page</h1>
```
