

2} The number of occasions India Women made 200-plus in a T20 international match. Their recent effort of 217/4 against the West Indies in Navi Mumbai in their allotted 20 overs is their highest in this format. Their previous highest was 201/5 against UAE earlier this year in the Asia Cup tournament. Only on four other occasions has this total been exceeded by sides from top nations in women's cricket. The table below has the details. The total is also the highest by any team against West Indies in this format, bettering Australia's 212/6 at the North Sydney Oval in 2023. India's 217/4 is also the highest women's T20I total in India. The previous highest in India was Australia's 209/4 against England in a tri-nation series final at the Brabourne Stadium, Mumbai, on 31 March 2018.
