

» **Jude shock:** England's Jude Bellingham dragged his team from the brink of elimination after scoring the equaliser against Slovakia with a stunning bicycle kick in the final few seconds of the knockout clash. Slovakia, which took the lead midway through the first half, seemed fearless and in cruise control, all before Bellingham raised his right boot high in the air.

It was England's first shot on target of the game, which forced the match to go into extra time for the first time in this tournament. England captain Harry Kane headed in the winner from close range in the first minute of extra time to send the Three Lions into the final eight of a major tournament for the fourth consecutive time, where they will face Switzerland.
