

Figure 1-2: I'm So Meta, Even This Acronym (I.S. M.E.T.A.) (xkcd.com/917 by Randall Munroe)

Most jokes about the 2010 science fiction action movie *Inception* are recursion jokes. The film features characters having dreams within dreams within dreams.

And finally, what computer scientist could forget that monster from Greek mythology, the recursive centaur? As you can see in [Figure 1-3](#), it is half horse, half recursive centaur.
