

India's medal haul over editions

Medals Gold

India's place in medal standings

Position

2019

Dubai, UAE

2 gold, 2 silver, 5 bronze

In September 2019, the Sports Ministry de-recognised the Paralympic Committee of India for violating the National Sports Code. Despite administrative instability, the Indian athletes moved 10 places up the standings to finish 24th in Dubai two months later with a record haul of nine medals (2G, 2S, 5B).

Both the gold medals were clinched by javelin throwers. Sandeep Chaudhary broke the F44 World Record with a best attempt of 66.18m to win the men's javelin throw F64 event, while Gurjar defended his title in the men's javelin throw F46 event.

Sumit Antil broke the F64 World Record with a 62.88m throw and bagged silver to ensure a 1-2 finish for India. The other silver medal was won by Sharad in the men's high jump T63 with a Season's Best attempt of 1.83m.

The bronze medals were won by Mariyappan Thangavelu (men's high jump T63), Yogesh Kathuniya (men's discus throw F56), Nishad Kumar (men's high jump T47), Ajeet Singh (men's javelin throw F46), and Vinay Kumar Lal (men's 400m T44).
