

Jaiswal's feat against England

16 } The number of innings Yashasvi Jaiswal took to reach 1000 Test runs against England — in the first innings in Manchester on 23 July 2025, equalling the record held by Australian Arthur Morris in July 1948 in Leeds. This effort by him is the quickest by any opening batter against England and joint-second fastest by an Indian against the same opponent. Meanwhile, Jaiswal, at 23 years and 207 days, is now the youngest opener to reach 1,000 Test runs against England. Former Australian opener Michael Slater was 24 years, 349 days when he reached his milestone on 5 February 1995 at the WACA, Perth. Overall, Jaiswal is the second youngest batter after Don Bradman (21 years, 318 days) to cross 1000 runs against England in Tests.
