

Medal Winners from KIIT with **Dr. Achyuta Samanta**- Founder, KIIT, KISS & KIMS

Affairs and Sports. He made special mention of Prime Minister Narendra Modi for his consistent encouragement of youth and sports.

Setting a National Benchmark

KIIT has now become the first Indian university in 65 years to win the highest number of medals in a single edition of the World University Games—no small feat for an institution that has quietly built its sporting infra-structure over the years.

“This day is more than a medal count,” remarked Dr. Samanta. “It is proof that when talent is nurtured with care, faith, and hard work, our

young minds can shine on the world stage.”

Known as the Olympics for university athletes aged 17 to 25, the WUG saw participation from over 300 Indian student-athletes, selected through trials that drew entries from more than 400 universities nationwide.

KIIT was entrusted once again as a Nodal University by AIU, continuing a leadership role it has played in previous editions such as Napoli 2019 and Chengdu, 2023. In the Chengdu games, KIIT had clinched two medals. It had sent 14 participants, one of the largest contingents from any university.

Milestones

- **40 out of 42 athletes** from Odisha in the Indian contingent were from KIIT, highlighting the institution's role as a national sports powerhouse.
- **Cash rewards of Rs 3 lakh (silver) and Rs 1 lakh (bronze)** were awarded to medal winners in a grand felicitation ceremony attended by Olympians and dignitaries.
- KIIT contributed **6 out of India's 12 medals** at the World University Games 2025, the highest ever by any Indian university in the event's 65-year history.
- **Three silver and three bronze medals** were secured by KIIT athletes across athletics, race walking, badminton, and relay events.
- This is not just a celebration of medals but a celebration of what focused **support, scientific training, and belief in youth can achieve**, said KIIT & KISS Founder Dr Achyuta Samanta
