

Angad Cheema coasts to four-shot win at India Open

Angad Cheema continued playing close to his best as he shot a two-under 70 in the fourth round to clinch the trophy with an overall 13-under 275 in the Rs. 1 crore Coal India Open at the Kensville Golf and Country Club.

It was the second successive title on the PGTI Tour for the 35-year-old Angad, who had won the previous tournament in April, the Kapil Dev Grant Thornton event in Bengaluru, which had earned him Rs. 30 lakh.

This time around, Angad, who had shot 69, 67, 69 in the first three rounds, pocketed a Rs 15 lakh prize, which catapulted him to the second spot in the Order of Merit with Rs 55,56,726, a few thousand rupees behind leader Yuvraj Sandhu.

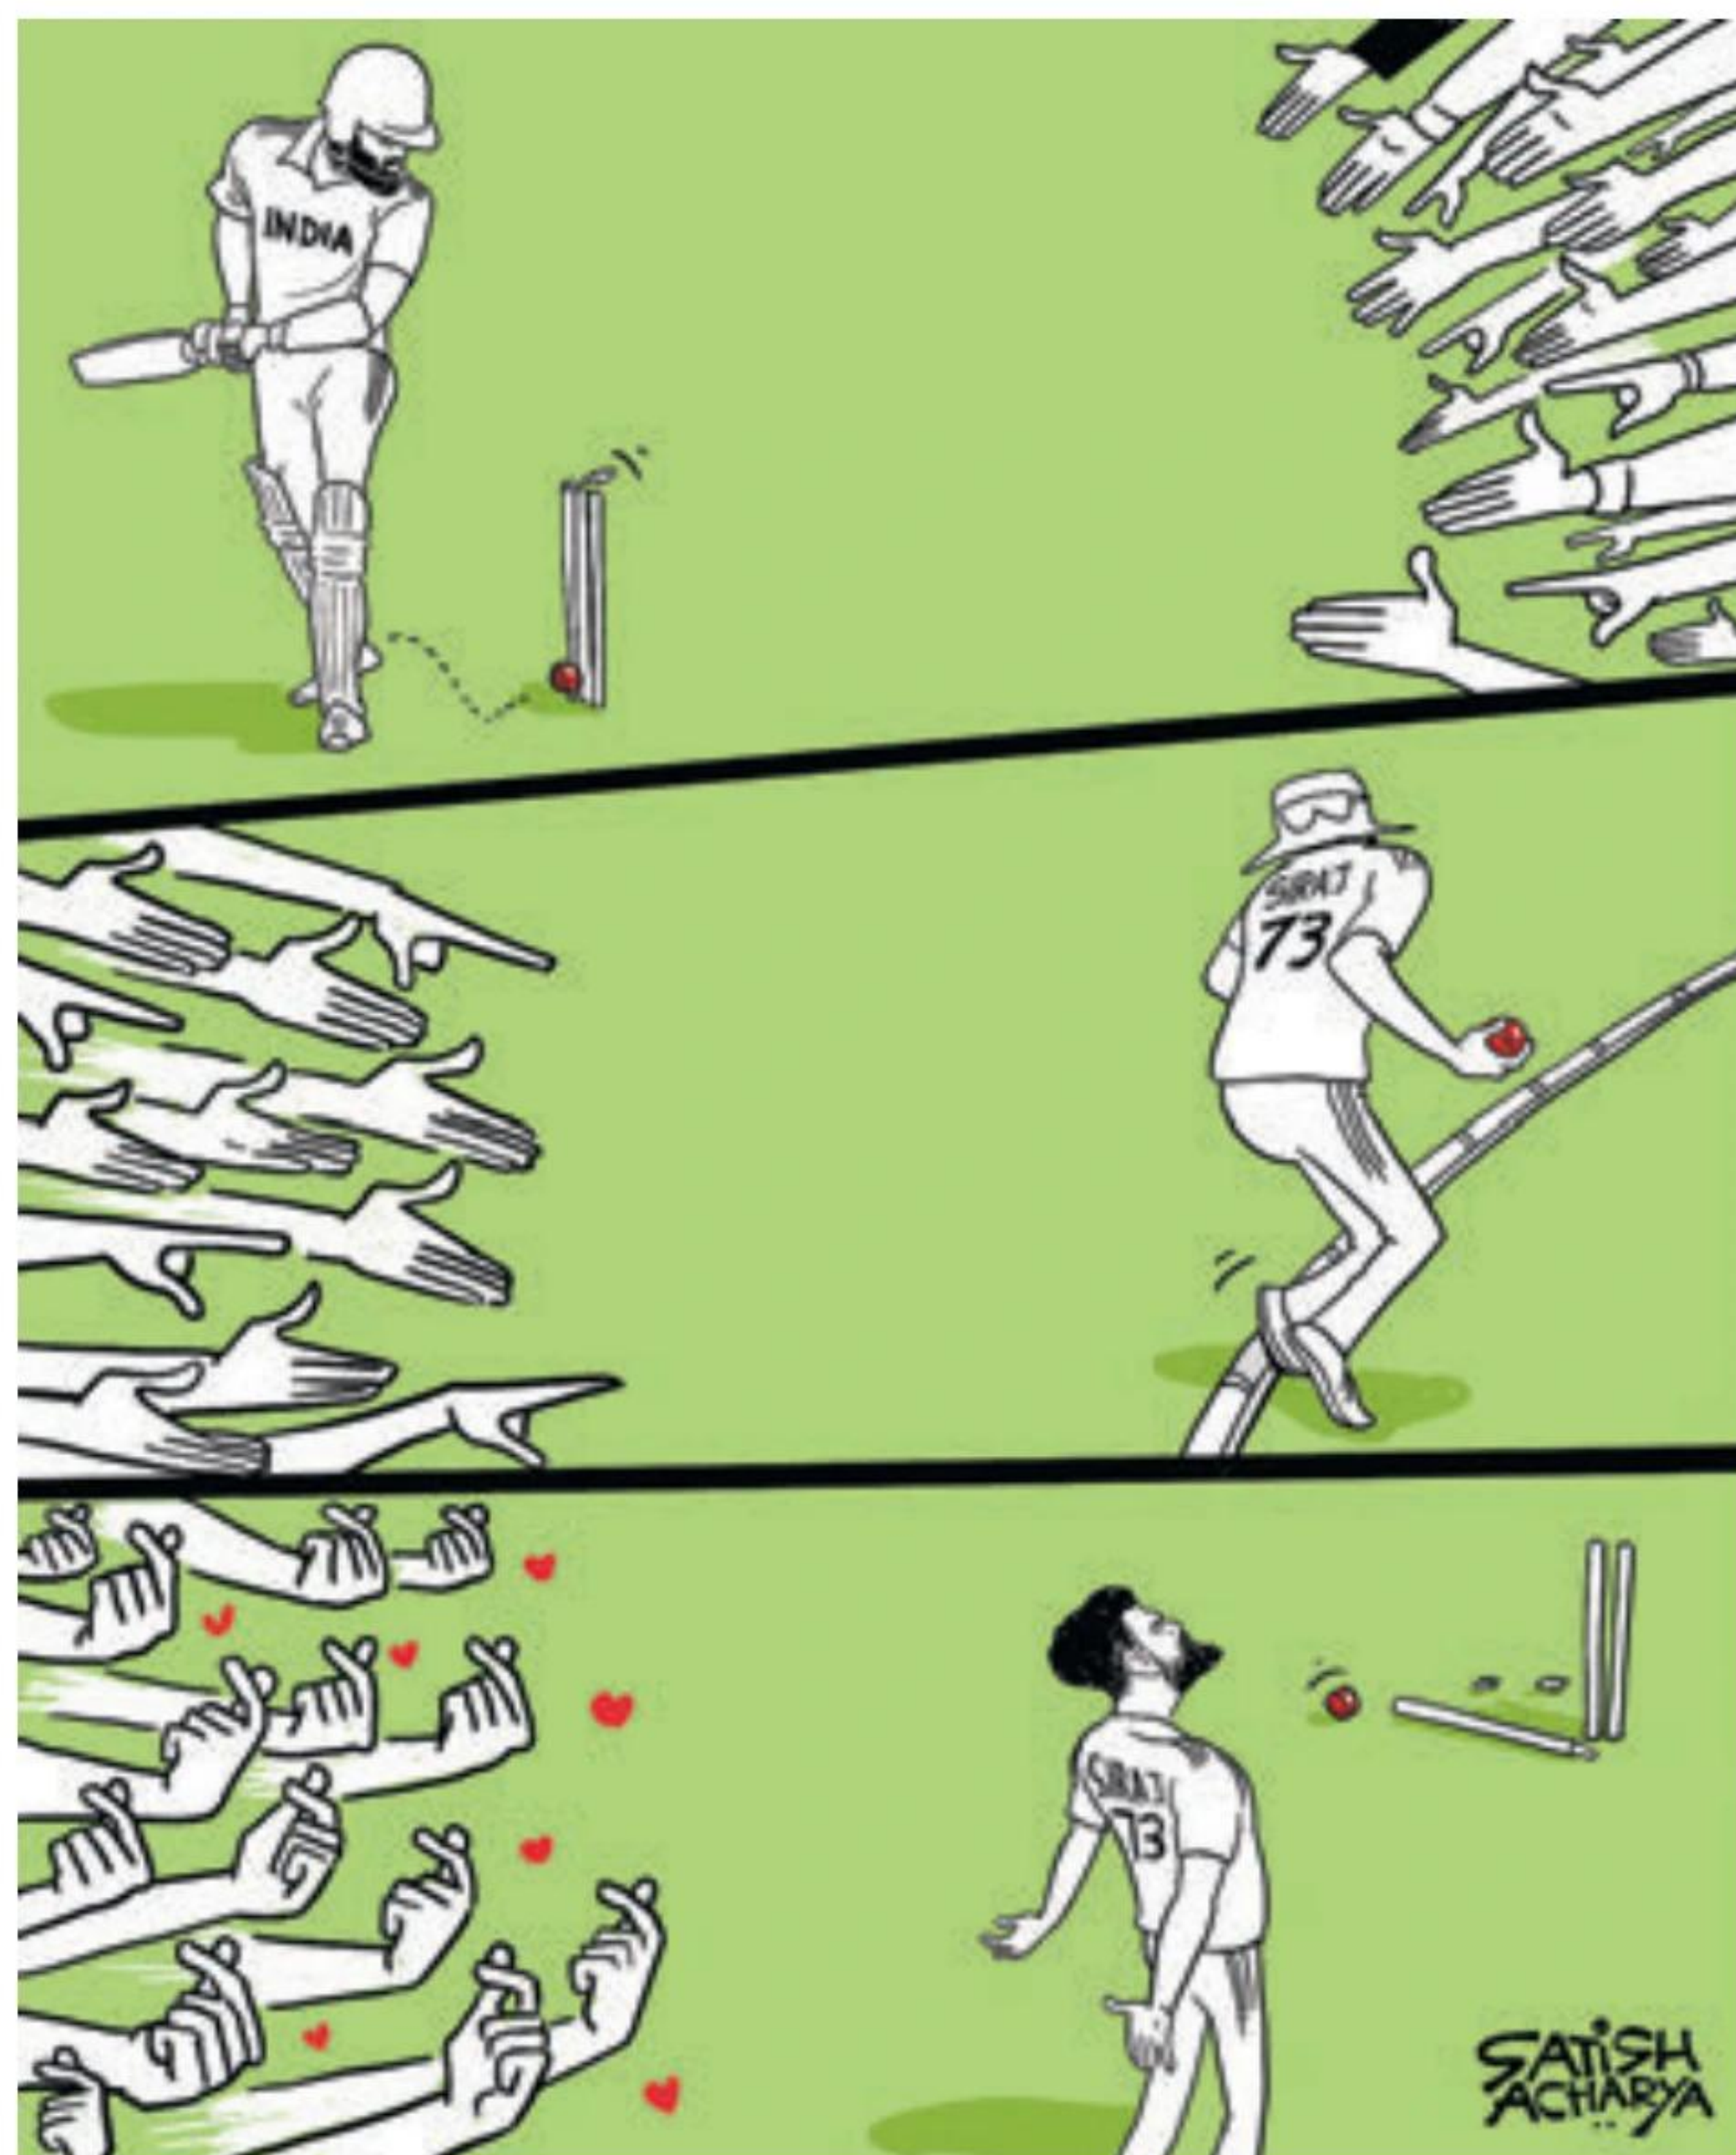

"It feels great to win back-to-back. It makes me more determined to play better in the events ahead," said Angad. He had two more birdies on the back nine, but dropped three shots as well.

"I played well from start to finish. I putted better than others. I made some long conversions in every round. I would like to give credit to my caddie, Khushi Ram, who gave me the correct lines and speed on the greens," said Angad.

The Union Government passed the National Sports Governance Bill and National Anti-Doping Amendment Bill in the Lok Sabha even as the Opposition continued their protests against other raging national issues. Both the Bills were moved by Sports Minister Mansukh Mandaviya.

The Sports Governance Bill seeks to regulate the various sports administrators in India, while the Anti-Doping Amendment Bill provides greater "operational independence" to the country's Anti-Doping Agency (NADA) as prescribed by the World Anti-Doping Agency (WADA).

"The National Anti-Doping (Amendment) Bill, 2025, seeks to enhance institutional and operational independence of the National Anti-Doping Appeal Panel and the National Anti-Doping Agency to ensure autonomy in their decisions pertaining to operations, investigations, and enforcement activities," the Bill's objectives stated.

"The Bill will be the single biggest reform in sports since Independence. Through this bill, we hope to realise the dream of ground to glory," Mandaviya said of the Sports Governance Bill.
