

Yashasvi Jaiswal's phenomenal feat

5} The number of batters to reach the career milestone of 1000 Test runs in less than 10 Test matches. Yashasvi Jaiswal has made history by becoming the first Indian and the fifth player ever to reach the career milestone of 1000 Test runs in less than 10 Test matches. Jaiswal achieved this feat during his ninth Test, in Dharamsala.

26} The number of sixes hit by Jaiswal in the recent five-match Test series against England. This is now the most hit by an individual batter in a Test series. He became the first to smack 20 or more sixes in a series in Test cricket history. Overall, only four batters have hit 15 or more sixes in a Test series. England's Walter Hammond was the first batter to hit 10 sixes during the two-match Test series in New Zealand in 1932/33. Interestingly, all his 10 sixes came during his knock of 336 not out in Auckland in April 1933. Since then, five other players have held the Test record for hitting the maximum number of sixes in a series.

Most sixes hit by a batter in a Test series
